

Sandra's Curriculum Vitae

Teacher of Education Science, specializing in Biology and Mathematics

About Me

Hello! I am Sandra, a passionate teacher specializing in Biology and Mathematics. I focus on inspiring curiosity and understanding in my students. I am dedicated to creating engaging and effective learning experiences in both science and math.

Teaching Philosophy:

My goal is to help students grasp complex concepts by fostering an environment that stimulates curiosity and deepens understanding. I am committed to nurturing an atmosphere where learning is both fun and meaningful.
